GOOD intentions long-deferred are oft neglected

The erection of a final tribute to our loved ones should be given prompt attention. The esteem in which they were held should be evidenced by a fitting memorial.

Care should be taken, however, to select a material which is not only beautiful, but which can retain forever its original beauty. GEORGIA MARBLE possesses this attribute. It is formed of tiny overlapping crystals, making it non-absorbent and giving it the essential qualities of beauty, strength and durability.

Its beauty and evenness of texture and its adaptability to design, makes GEORGIA MARBLE the ideal monumental material.

We will show you designs for beautiful memorials in GEORGIA MARBLE

West Virginia News Cullings

An epitome of the most important events transpiring throughout the state

Fairmont—Walter Pendleton, 35, died in a local hospital following a cutting injury. A card game is blamed for the trouble. George Washington, alleged to have killed Pendleton, is held in the county jail.

Fairmont—Dr. E. F. Brunson, of Bluefield, formerly assistant general of the Methodist general and city hospitals at Durham, N. C., has been appointed first assistant surgeon of the Fairmont state hospital. Miss Mamie Clifford, of Welch, has been appointed superintendent of nurses.

Princeton—The Mercer County Bar Association has appointed a committee to draft a bill for introduction into Congress authorizing the Supreme Court to prescribe a uniform system of rules and regulations governing law cases in Federal courts. The committee is headed by Judge J. M. Sanders.

Williamson—N. J. Keagle, Williamson postmaster, is the defendant in a suit brought here to force the government to move the postoffice from its present quarters. The plaintiffs declare that a lease given on the building in 1918 has become void because of the death of the lessor, who in his will deeded the property to his children.

Logan—A resolution calling for the installation of electric lights along Stratton and Main streets and around court house square was passed by the Logan chamber of commerce. The proposition of giving Logan a "white way" has been much discussed in the city for some time, but it was left to the local chamber of commerce to get the movement under way.

Martins Ferry—Mlehe Filipovich, 33, wanted for the murder of Nick Munnas of Glencoe, August 6, died in the Martins Ferry hospital from gunshot wounds inflicted a week ago by deputy sheriffs who trapped him in a restaurant in Belmont, Ohio. Prosecuting Attorney Herbert Mitchell was on his way to the hospital to talk with Filipovich when death occurred.

Parkersburg—The West Virginia Pythian children's home and institute, which will be erected here, will be started in the immediate future, according to a statement made here by Grand Chancellor J. G. Vaughan of Charleston. Mr. Vaughan stated that the committee in charge of the home will meet in Parkersburg to complete final plans for the institution.

Fairmont—Stepping on a rolling stone while hunting in the mountains near Flatwoods, Prosecuting Attorney Frank R. Amos, of this city, was thrown over a steep bank to the rocks below, and sustained injuries which may confine him to his home in Haymond street for some time. He was brought to his home and is now a patient there. His most severe injury is to one of his ankles, and it is feared the ankle bone is broken.

Wheeling—R. E. L. Strider, bishop-coadjutor elect of Protestant-Episcopal diocese of West Virginia, will make his permanent residence in Wheeling. It has been announced. Since his election to the coadjutorship there has been considerable speculation whether Dr. Strider would remain here. This has been definitely settled by an arrangement between Dr. Strider and Bishop William L. Gravatt under the latter, in Charleston.

Charleston—Delinquent real estate taxes in Charleston will total more than \$5,000, according to a report turned in to the city council. The property is apportioned to various sections of the city as follows: East End, \$3,565.54; West Side, \$3,381.29; South Side, \$442.74, totaling \$7,389.57. Of this amount about \$2,000 will be deducted as erroneous assessments. It was said by Collector Cochran. The statement will be turned over to the city auditor.

Mullens—The building of the first unit of the First Baptist Church of Mullens will be started immediately. This was decided, at a recent meeting of the church officials. The contract was let to the local firm of Early Bros., which presented the lowest bid, \$15,575. Work will be started at once and it is hoped to get into the new church building in three months. The building will not be erected in its entirety at this time. The plans of the architect, following the direction of the church officials, call for a building in two units. The first unit will be 55 by 35 feet and will be used for Sunday school and church services. When the time seems propitious the second unit will be built.

Sistersville—Two applicants have been announced as eligible for the appointment as postmaster at Sistersville. Sam Hissam, present postmaster, stood highest in the examination. Lester E. Buck is the other eligible.

Morgantown—The desire to "camp out" by Darrell DeWitt, aged 9, caused a number of sleepless nights for his parents, Mr. and Mrs. Will DeWitt. Darrell was finally located at the home of a boy friend who lived in another section of the city.

Application for Pardon—Notice is hereby given that on or about the 25th day of October 1923, an application will be filed with A. G. Jenkins, pardon Attorney, Charleston, W. Va., for the pardon of Roy Houchin convicted of the crime of second degree murder at the April term, 1922, of the Circuit Court of Pocahontas County and sentenced to imprisonment in the West Virginia Penitentiary for the period of six years.

Second Lycum Number - AT - HIGH SCHOOL AUDITORIUM Saturday Night, October 20 THE MARCO COMPANY

All of us enjoy a good magician, no matter whether we are seven or seventy. It is doubtful if any form of entertainment is more universally popular. All of us flock to see the magician display his "bag of tricks." It is always interesting to watch and see if one cannot discover "how it is done" and catch the man of mysteries in a fumble.

Marco and his capable assistant will show their dexterity many times over and prove again that "the hand is quicker than the eye" in the clever-

est lot of sleight-of-hand offerings and illusions seen in many years. Not only is Marco a clever illusionist, but he is a delightful talker, and his original comments keep his audience holding its sides, as it sits open-mouthed watching his tricks. His is a program of clean fun and mystery—one to be enjoyed by old and young alike.

—this Wonderful Warm-Air Furnace that Looks Like a Phonograph

This picture shows the installation of an Estate Heatrola in a modern six-room home.

Picture one in your home.

See what a wonderful improvement it is over a heating stove. Note how beautifully it blends with other home furnishings. It combines the efficiency of a furnace with the appearance of a phonograph.

Estate Heatrola is a furnace—not a stove. Placed in one of the living rooms, it heats 3 to 6 connecting rooms, in even the coldest weather.

Burns any kind of coal, and uses less coal than a stove.

Beautifully finished in grained mahogany—a vitreous enamel, practically everlasting. You can rub and dust it with a cloth, just as you do your furniture.
